National Criminal Search with Alias and SSN Trace

With one search, you can search more than 300 million criminal database records from counties, Department of Corrections, Administration of the Court and state sex offender registries covering all 50 states and Washington, DC. We then provide known Aliases from a SSN trace, the approximate date of issuance for the SSN and historical residency information. We then use this information to make a final pass through our National Criminal Database.

County Felony / Misdemeanor

A search of the local county Superior and Municipal court records provide the latest, most up-to-date records and dispositions available. Searches are available throughout the US. Searches are performed based on first and last name, DOB and county. Court Fees are applied and passed to the end customer.

Workman's Compensation

This post employment search will help identify applicants that may pose a safety threat to employers as well as the safety of other employees. Reports include date of accident, case number, type of injury, how injury was incurred and how long employee was absent from work. Some states require additional fees that may apply. Signed release required.
